“The First Step to **Quality Healthcare**”

YOUR MEDICAL HOME

With compassionate, knowledgeable staff, **North Central Family Medicine** is well-equipped to treat individuals from all walks of life. Our staff will work with you to develop a personalized care plan, tailored to your specific needs and goals. We learn about you. We keep track of your medical history and specific needs so that when you visit, you can be sure that you are receiving the right care.

We work diligently to provide you with a great medical home, a place where your health needs are understood and regularly assessed so that you can feel safe, familiar, and well cared-for.

Responsibility As Our Patient

- Provide complete medical history and information about care obtained outside practice.
- Take medicines as prescribed, keep all scheduled appointments, ask any questions and tell us when you do not understand something.

- If possible, contact us before going to the emergency room so someone who knows you can care for you.
- Follow the plan of care that we have agreed is best for your health.
- Give us feedback to help us improve our care.
