YOUR MEDICAL HOME

Your family has unique needs, and you deserve a team of doctors and medical providers who know those needs and can care for you the right way.

At **North Central Family Medicine** we learn about you. We keep track of your medical history and specific needs so that when you visit, you can be sure that you are receiving the right care.

By getting to know you and your family, we are able to provide the most up-to-date and evidence-based care. We help to monitor and care for your existing needs, ensuring that you stay as healthy as possible!

Responsibility As Our Patient

- Provide complete medical history and information about care obtained outside practice.
- Take medicines as prescribed, keep all scheduled appointments, ask any questions and tell us when you do not understand something.

- If possible, contact us before going to the emergency room so someone who knows you can care for you.
- Follow the plan of care that we have agreed is best for your health.
- Give us feedback to help us improve our care.
